

AMENDMENTS TO THE SPECIFICATION

Please replace the paragraph titled "Related Application" at page 2 with the following:

This application relates to co-pending US Patent Application Serial No. 10/085258, filed February 26, 2002, (~~Attorney Docket SMQ-083~~) and US Patent Application Serial No. 10/085796, filed February 26, 2002, (~~Attorney Docket SMQ-084~~) which are expressly and entirely incorporated herein by reference.

Please replace the paragraph beginning at page 8, line 23 with the following:

A response to the HTTP request is provided by either the management application, or in cooperation with one of the plug-in applications. The response is returned over the network 8 to the CLI session tool client 16. Further detail concerning the execution of management applications with web browsers can be found in corresponding patent application no. 10/085258 (~~Docket SMQ-083~~) previously incorporated by reference.
